## 9 MURDERS LAID TO 'APE BOY' IN NEW CONFESSION

### Light System Ordered From Sixth To Ninth

Nevin avenue from Sixth to Tenth street, and the cross streets, Sixth, Seventh, Eighth and Ninth, from Macdonald to Nevin will be a great white way the early part of next year, as a modern system of electrolights will be installed by the city council. The action by the council is the result of petitions filed by the property owners, asking for the improvement.

Six lights are to be installed in each block on Nevin avenue and five lights per block on each of the cross streets.

Over 63 percent of the property owner in the proposed lighting

district have asked that the work be done.

From the discussion that took place, it is generally admitted that the need of lighting in the district is very great.

City Engineer Hoffman had prepared a statement of the cost of the new system. The electrolights (Continued on Page 5)

### Safety Measures At 23rd To Be Altered

At the meeting of the city council last night, an order of the railroad commission was read in which the city of Richmond was given permission to make changes in the grade crossing at Twenty-third street and stating that the railroad company had been instructed to install three wig-wags. When these automatic signals were in operation, the railroad

would be permitted to withdraw the human flagman at that point. Councilman Martin objected to that part of the order doing away with the human flagman, stating the city had not been consulted in the matter. City Attorney T. M. Carlson was instructed to convey to the railroad commission the decision of the council.

### Mother Of 14 Held On Liquor Charge

MARTINEZ, Dec. 3.—The mother of 14 children is free today on \$1000 bail awaiting appearance on a charge of conducting a public nuisance. She is Mrs. Jose Coniglio, 40, who conducts a fruit market on Main street.

According to Clyde Laird, chief

prohibition enforcement officer, four barrels of wine were confiscated at Mrs. Coniglio's market. Giuseppe Ventimiglia, owner of an apartment house was arrested in the same raid. He was released on \$1000 bond. He is charged with maintaining a nuisance.

### Helms Again Heads Local Health Center

Walter T. Helms, city superintendent of schools, was re-elected president of the Richmond Health Center last night at the annual meeting of the group. Dr. C. Walter Cole was re-elected vice-president and Muriel Fitzgerald was elected secretary.

All of the directors were re-elected with the exception of Dr. Thomas Boyer and Mrs. Tsar Calfee. Both had expressed their regrets and stated that they could not run for election on account of pressing personal business.

Mrs. C. F. Deshields was named in Mrs. Calfee's place and James W. Smiley, constable was named to replace Dr. Boyer.

Directors re-elected were: Dr. C. L. Abbott, Dr. C. Walter Cole, R. H. Cunningham, Mrs. H. F. Loda, T. H. DeLap, Walter T. Helms and Aubrey Wilson.

Work accomplished during the past year was reported on. An increase in the number of clinical cases was noted. The group plans to continue its work with the dental and immunization and vaccination clinics held at the Center.

A resolution of thanks to local hospitals and physicians was adopted. It was through the cooperation of the doctors and hospitals that the Health Center was able to do its work, Helms stated.

### Heavy Rains Add To Quake Horrors

SANTIAGO, Chile, Dec. 3.—(U.P.)—Driving rain which beat upon the ruins of the city of Talca today greatly hampered the efforts of government relief workers and added immeasurably to the suffering of sick and injured in the entire earthquake shattered area 150 miles south of Santiago.

The death toll in 14 towns of the Talca and Chilean areas rose steadily as communication facilities were restored. Talca, with 17 persons dead, and Constitucion, with the same number of bodies

recovered, suffered the heaviest casualties.

Conservative official estimates of the known dead were placed at "from 150 to 170," but unofficial totals based on incomplete dispatches from newspaper correspondents showed 226 dead and approximately 600 injured.

Telephone reports from Talca said torrential rains had fallen on the city and that the sick and wounded in hastily arranged tents and pavilions were in serious circumstances.

### LAD CLEARS FATHER OF CHARGES

RIVERSIDE, Dec. 3.—(U.P.)—Deputy District Attorney Earl Redwine said here tonight that Gordon Stuart Northcott had signed a confession that he had killed the "headless" Mexican boy on his farm and had named the lad as Alvin Copeka.

Northcott was taken by deputy sheriffs tonight to a desert spot near Victorville where he said he would disclose the burying place of the boy's charred head.

According to Redwine, Northcott declared he would plead guilty to the boy's murder and intimated that perhaps more than four boys were killed on the farm.

District Attorney Ford said he understood the confession admitted the murder of nine boys, identified as yet are unknown.

Before he left for the desert Northcott took officers about his farm and pointed to various spots where something will be found "by digging."

Earlier in the day Northcott had accused his father, Cyrus G. Northcott of killing a boy brought here from the east in 1925 and said that the body was buried on the desert.

Northcott met his father this afternoon. He hurled accusations at the elder Northcott and charged him with digging a grave for "Mother and me." The father denied the charges hurled by his son.

Later, in San Bernardino Northcott suddenly decided "he hadn't said any such thing." He looked questioners in the eye and refuted every fact concerning every accusation made against his father.

### Council Denies Stege Request To Halt Cars

The Key System company will not be asked to stop their cars at Forty-seventh and Potrero avenues, as petitioned for by the Stege Improvement club.

At the meeting of the city council last night City Manager McVittie stated he could see no legitimate reason for making such a request.

The city manager stated he had put checkers at the point from 7 a. m. to 5 p. m. and during that period there were 123 street cars passed that point and 284 automobiles crossed Potrero. Only eighteen automobiles had to stop on account of street cars.

McVittie told the members of the council that at hundreds of other points in the city, the traffic was by far greater, and no request had been made.

### Richmond Bid On Hawaii Trip

In a communication to the city council last night the Oakland Pyramid of Scouts, suggested that the city of Richmond send a good will messenger to Hawaii on the steamer Malolo that is to make the trip next month, with a delegation of Scouts.

The council was willing that a good will messenger go, but there were no funds available to provide for the expenses and the communication was ordered filed.

### Held In Murder

GEORGE McMANUS, lodged in the Tombs, New York City, without bail on a short affidavit, charging him with the murder of Arnold Rothstein, gambler.

### FIRE CHIEF TO GET NEW AUTO

Practically every motor car dealer in Richmond presented an offer to the council last night for a sedan for the fire chief.

After considering the different bids, the contract was awarded L. J. Thomas who will furnish a Studebaker Commander for \$2,125, less an allowance of \$275 for the old 1923 Hudson touring car.

The new car for the chief will be painted a brilliant red, will have double windshield wipers and full equipment.

The other dealers submitting bids were as follows: LaFranz Hilcher company, a Graham Paige; Miller Motor Sales company, an Oldsmobile; H. P. Huddleston, a Nash; Star Motor Sales, a Durant; C. C. Krutzer, a Buick; J. P. Strom, an Oakland; Curry Auto Sales, a Chrysler 75.

### Martinez Man Saves Family From Gas Fumes

MARTINEZ, Dec. 3.—Three Martinez persons escaped death from asphyxiation by fumes from a gas heater due to the presence of mind of a fourth member of the family.

John McGlasson, Martinez printer, noticed that his three-year-old daughter, Catherine, showed signs of illness and near collapse. He promptly threw open the windows and doors. He had barely placed the child in bed when his wife and then his mother-in-law Mrs. Effie Davies, were overcome.

Investigation disclosed that a pipe used to convey fumes from a gas heater water boiler from the home became disconnected at the heater and the fumes were pouring into the kitchen. McGlasson was made ill, but ministered to the needs of his family. All had recovered today.

### Chickens Of City Told To Keep Distance

Crow if you must, but keep your distance.

That in effect was the dictum of the city council last night in providing a new ordinance for the keeping of chickens inside the city limits.

Although the favorite rooster of the hen yard next door may start crowing at 3 a. m., he must be at least 25 feet from your dwelling at all times, according to the new ruling which passed first reading last night.

No expert testimony was presented as to how far a rooster's crow will carry to disturb early morning slumbers, but the ruling of the ordinance must be abided by or fines and imprisonment will result.

The 25-foot rule also applies to rabbit hutches and pens.

### Boy Injured In Auto Accident

Lang Rehreuberagas, 7, Box 494, Richmond, suffered slight injuries on the head when he was struck by a machine driven by C. W. Black, 331 Chanslor avenue at the intersection of Second street and Macdonald avenue last night. Black reported that the boy ran directly in front of his machine. He was taken home by Black.

### Light Committee Given Extension

The city council last night granted the light committee another week on the petition of residents for a street light at the corner of Barrett and Wilson avenues.

### RETURN FROM SOUTH

Mrs. E. M. Craven and son, Junior, have returned to their home, 226 Fourth street from Santa Barbara where they spent several months.

### KING GEORGE CONTINUES TO GAIN

LONDON, Dec. 3.—(U.P.)—King George continued to hold his own this morning after a slight improvement which was announced Monday night by his physicians.

It was emphasized in official bulletins, however, than "anxiety concerning his heart still persists."

Meanwhile it was revealed at Buckingham Palace that a dramatic battle was fought by physicians during the late hours of Sunday and early Monday to prevent further weakening of the king's heart.

The king was in more serious condition than at any time during his present illness.

It was said the king's cheerful disposition was one of the best aids to physicians in the struggle.

### INQUEST HELD IN THUN DEATH

A coroner's jury investigating the death of Charles Thun, 52, of Oakland, last night found that death was due to hemorrhage and a fractured skull sustained by being struck by a wash tray. Death was found to have been accidental.

Thun was crushed beneath the weight of a heavy wash tray which he was delivering to a construction job in Arlington Park. The accident occurred last Friday. Coroner Aubrey Wilson presided over the inquest last night.

### Four Injured As Auto Turns Over Twice At Pinole

Four residents of Sacramento narrowly escaped serious injuries when the automobile in which they were riding skidded on the wet pavement of the state highway near Pinole Sunday and overturned twice, rolling into a ditch. Those injured were Carl D. Williams, driver, Lester Geuther, William Gibson and George Bernard.

All were treated for cuts and bruises in the county hospital and Gibson received severe lacerations on his right leg. Deputy Sheriff Ralph Harrison after an investigation held the accident was unavoidable.

### Council Accepts 23rd St. Paving

At the meeting of the city council last night City Engineer E. A. Hoffman reported that he had inspected the completed work by the California Construction company of the improvement of Twenty-third street, south, and was prepared to issue a warrant. The report of the engineer was accepted.

### City To Purchase 'Warning' Signs

On the motion of Councilman A. L. Paulsen at the meeting of the council last night, City Manager McVittie was given authority to purchase 150 "warning" signs to be erected at dead end streets and other dangerous points.

### Diver Drowned Trying To Find Plane Victims

RIO DE JANEIRO, Dec. 3.—(U.P.)—Fourteen occupants of a big Condor Syndicate passenger airplane were killed today when the plane plunged into Guanabara bay near Colera island and sank.

Another death resulted from the crash. A diver who was attempting to recover bodies trapped in the plane was drowned when his airline was cut.

The list of dead as provided by the Condor Syndicate was: Mayor Eduardo Vallo; Frederico Oliveira Coutinho, engineer; Paulo De Castro Maya, wealthy lawyer and engineer; Ferdinand Laburiau Filho, member of the municipal council; Prof. Tobias Moscoso, noted engineer and delegate to the last Pan-American highway conference in the United States; Deputy Amaury De Medeiros; Abel De

Araujo, telegraph editor of the Journal De Brazil and Mrs. Araujo; Dr. Antonio Amoroso Costa, a physician.

Pilot A. W. Paschen; Pilot Renato; Mechanic Butzke; Mechanic Haseloff; Plane Dispatcher W. Auth.

The first body recovered from the submerged plane was that of Mrs. Araujo. It had been crushed. Araujo's body was found shortly afterward. Mechanic Butzke was the only occupant of the plane to emerge alive, and he died shortly (Continued on Page 5)

### El Cerrito Fails To Name New Officer

No action was taken Monday night by the council of El Cerrito on the replacing of a police officer on the shift from midnight to 3 a. m. on account of the lack of a second to motion of Police Commissioner J. R. Beck for the replacement.

Before the motion was made a petition signed by about 87 citizens requesting the council to put on the additional police protection was read and placed on file.

Police Judge J. F. Plank who spoke in favor of the additional policeman stated that the officer

would more than pay for his salary in fines collected for arrests made during those hours. Plank cited that for the two months previous to the time the policeman was laid off there about \$2,000 was collected in fines for arrests made after 12 p. m.

The matter was laid over for two weeks on the suggestion of Councilman Ernest O'Brien who said that he would be favor of the additional police protection if it was shown that the city would collect enough money from the taxes to cover the expense.

### J. A. Dooling Rites Set For Tomorrow

Funeral services for John J. Dooling, former councilman of this city, who died at the home of his sister Sunday morning, will be conducted from the family home tomorrow at 9:30 o'clock. Interment will be at St. Mary's cemetery, Oakland. Funeral arrangements are in the hands of Bert Curry.

Dooling had been in good health up to Sunday. He suddenly complained of a headache and a pain in his chest. A doctor was called but Dooling was dead before he arrived.

At an inquest held last night in the office of Coroner Aubrey Wilson, death was declared to have been caused by a heart block.

with valvular disease as contributory cause.

Dooling was born on a farm which later became a part of this city. He spent his entire life here where he was widely known. In his earlier years he was named roadmaster for the superintendental district. Later he served on the city council from 1908 to 1914.

He made his home with his sister, Mrs. Marie A. Helring and a brother Thomas Dooling, at 1515 Nevin avenue. He leaves three sisters, Mrs. M. J. Lucey and Mrs. Herring of Richmond and Mrs. Everett Saville of Burlingame; two brothers, Thomas Dooling of Richmond and James Dooling of Berkeley.

### Reconciliation May Halt Love Nest Case

Preliminary hearing of George W. Galloway and Mrs. Lela Sechmidt, charge with adultery following a raid on their asserted "love nest" on Terrace avenue, is scheduled for tomorrow afternoon in Justice of the Peace Arthur A. Alstrom's court. But it is doubtful now whether the charges will be pressed.

Galloway has returned to his wife and Mrs. Sechmidt to her husband following a reconciliation effected last week, according to reports. Mrs. Galloway who swore to the complaint which caused the arrest of the couple is now reported anxious to drop the liberty or love nest case.

Schmidt, according to Justice of the Peace Alstrom, is just as anxious to forget everything.

The four paid a visit to Judge Alstrom and informed him of the reconciliation.

Whether the charges will be dropped is up to the district attorney's office. Deputy District Attorney Hiram Jacobs who is handling the case in justice court last night stated that he did not know whether the case would be pressed. He is awaiting word from the district attorney's office. Meanwhile the two are at the liberty or love nest.

## Club Hears Program On Fine Arts

The fine arts department of the Richmond club under the general chairmanship of Mrs. Zella Chapin presented a delightful program yesterday afternoon which embraces the various sections in the main department.

The drama department of which Mrs. C. C. Holbrook is chairman was represented by Mrs. Holbrook, who gave some original poems and told the incentive prompting each one. Her opening number "Lotos Blossoms" was a reminiscence of childhood days, "Alone" was of unhappiness, "The Changing" told of youth growing up; and her group closed with a humorous poem called "Johnny Jones, the Cook."

The art section was represented by Mrs. Emily Axtell who told of her impressions of art during her travels abroad. She quoted Rutter, art critic of London who claims that art is an expression of emotion in terms of a pattern. Rutter, Mrs. Axtell said, believes that if an observer discovers the emotion of a painting or statue it is high art, but if an observer does not see the emotion it is craftsmanship.

Mrs. Axtell sketched the emotions portrayed in the various cathedrals and art galleries of Europe, claiming that the most marvelous is to be found in the Milan cathedral, the third largest of the world. Made of white marble, two thousand life-sized statues are on its exterior, critics saying it is compared only to a medallion of lace made of marble. St. Peter's mosaic pictures, the chapel in Florence with its ceiling heavy with gold leaf, the bronze horses over St. Marks, the famous Lion of Lucerne cut from sandstone, the originals of the Louvre in Paris were all discussed by the speaker. Mrs. Axtell especially mentioned the four unfinished statues of Michael Angelo, who was called from his work to the task in the Sistine chapel, and the largest painting in the world "Paradise," which has three thousand heads, "the artists having been paid per heads painted."

Mrs. Chapin represented the music department by giving a sketch of the life of Carrie Jacobs Bond with an explanation of how various of her songs came to be written. Mrs. Florence Clark sang "The Perfect Day" and "The Hand of You." She was accompanied by Mrs. J. W. Bunzner.

Refreshments were served at the close of the afternoon by Mrs. W. F. Faber, Mrs. Norman Anderson, Mrs. Anna Horner and Mrs. M. H. Edgar.

The arts and crafts section will meet this morning at the studio at the home of Mrs. C. F. De Shields and a board meeting has been called for 10 o'clock this afternoon.

## WESTWOODS AND JONES OBSERVE ANNIVERSARIES

Double wedding anniversaries were celebrated last night by Captain of Police and Mrs. Louis E. Jones and Mrs. and Mrs. C. F. Westwood in the home of the latter, 1745 Grant avenue. It was the eighteenth anniversary of the Jones and the seventeenth of the Westwoods.

Both couples were married in Santa Rosa by the same minister and it is their custom to get together each year for a celebration. Dinner was served at a table decorated with glassware that formerly belonged to Mrs. Westwood's great-grandmother.

The evening was spent socially in looking over old time photographs. In addition to the two couples those enjoying the evening were Mrs. Belle Jones, mother of Captain Jones, George Jones, Ramona Jones, Harold Westwood and Dorothy Westwood.

## 'WHIP' RETAINS ALL THRILLS OF DRAMA

A neatly wrought melodramatic plot an exceptionally capable and well chosen cast, and all the thrills which made the old time play famous, combine to make "The Whip," First National's current production, one of the most entertaining of the season.

"The Whip," opened its local engagement last night at the California theatre and for those who like their screen entertainment exciting and their plots melodramatic, this will prove a distinct treat.

Based on the old Drury Lane melodrama first produced almost a century ago, "The Whip" is brought up to date in settings and dress and its multitudinous thrills are magnified by modern technical skill and photographic ingenuity.

It all revolves around a horse-race, of course, as the title indicates, with a great deal resting on the proper horse's winning the big derby and a great many people having it either win or lose. There are plots and counter-plots, divers bits of roving and last-minute suspense, perfectly handled through the direction of Chas. Brabin.

Dorothy Mackaill brings her beauty and charm to the leading feminine role and Ralph Forbes proves an excellent foil in the masculine lead.

Anna Q. Nilsson is particularly striking as the beautiful and scheming vamp and Lowell Sherman contributes another of his delightful characterizations. Outstanding in the cast are Marc McDermott, Albert Gran, Arthur Clayton and others.

**SYNOPSIS**  
Dr. Davis, recently married to May Davis, is having lunch with Joe Babbitt and his friend, Myra when Babbitt is called away. May happens into the same hotel and is furious at seeing her husband with a girl. After explanations, Davis and May make up and go to the shop of Beranger de Brie to buy perfume. Myra, just naturally suspicious, decides to further the acquaintance with Davis, and goes to his office to be vaccinated. A moment later May comes in. She is followed by Dr. Brie, who is returning a glove she dropped in his shop. Myra discovers May and is immediately suspicious.

**CHAPTER VI—Continued**  
"Well, Dr. Davis, so this is how you spend your time in the office!" May was the first to recover her voice. "No, don't you dare try to talk to me!" She put up a warning hand as Davis opened his mouth to speak. "And don't stand in front of that—that shameless woman and try to hide her. I know who she is. I saw her. I was just—"

"Why, why, May, I was just—"

"I've had enough of your explanations for one day," May retorted. "It wasn't enough that you took her to lunch, but she had to come back here this afternoon. Well, I'm glad if you found out the worst. Now I know exactly what to do, and what's more, I have witnesses."

"I must say, Dr. Davis, that I think your conduct is rather—ah—"

"You keep out of this!" Davis snapped, starting deliberately to

**CHAPTER VII**  
Dinner at the Davis apartment was a silent affair indeed that evening. May and Ed had arrived at the stage where they were "not speaking." Bitter words, followed by absurd accusations, foolish retort, and then pride that would allow neither to give in. Only the footsteps of the maid as she went leisurely between the kitchen and the dining room, and the tinkle of plates and glasses and silverware, disturbed the uneasy quiet. If either of the others desired anything on the table they asked the maid, rather than ask one another. And the maid smiled, as soon their backs were turned, and told cook that it was "all in a lifetime; they'd get over it."

The meal over, with frigid formality Davis stepped aside and allowed May to precede him to the living room. Without a word May took a book from the table and composed herself in a comfortable chair and started to read. Davis wandered absently about the room, picked up a paper, laid it down, glanced at the bookshelves, took out a volume, turned it back, and turned on the radio.

"All alone... I'm so all alone... There is no one else but you—"

A high, nasal voice pierced the air. Davis shut off the sound abruptly and picked up a new medical journal and became absorbed in its contents.

Once he looked up, chuckling, and opened his mouth, about to read something aloud, as he often did, and then remembered that it was still on. He returned doggedly to his reading, but his eyes wandered from the printed page and his mind refused to concentrate, even on the jokes. He composed a strain to sit here this without saying a word. It was his first time in three months he married life that they had ever done anything quite so ridiculous. It was ridiculous, he reflected. It was childish, in fact. But May had no right to behave the way she had. Not one thing that had happened that blessed day had been his fault and yet May was trying to make him take all the blame. Well, he found that he could keep as silent as she.

Once May looked up from beneath lowered lids and hurriedly dropped her eyes when they met those of her husband. She turned a page in her book, pretending to be absorbed in her story. But she hadn't the faintest idea what she was reading; the words jumbled together before her eyes. Perhaps she had been a little hasty, she told herself. But Ed had no right to accuse her of flirting with that perfume man. Of course she had asked him to take her home, but that was only to irritate Ed, and besides, she had soon got rid of him. It wouldn't hurt Ed at all. He made to suffer from her anxiety. He could speak first, if he wanted to talk.

"I'm going, now, Mrs. Davis," maid interrupted that vast void silence that engulfed the room, standing in the hallway with hat and coat on.

"Oh, yes, Lord, just a minute. May got up to look for her pocketbook to pay the girl. She counted out its money contents and found herself short a dollar of the necessary sum. Under ordinary circumstances she would simply have turned to her husband and asked for the dollar. In fact, she was yet "speaking"—and she wouldn't be the first to break the silence. She thought quickly. She wanted the money without oversteering to Ed. Finally she turned to the maid.

"I'm sorry, Lord, she smiled, but I don't seem to have enough money here." Dr. Davis withered with you."

## School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless. Girls who are constipated should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

## Plunging Death For Three

BODIES of pilot and two passengers were found under this wreckage of this new Curtiss plane. Developing engine trouble, the plane went into a spin and crashed at Seekonk near Arleborough, Mass., recently.

pay \$234.99, a broadside lot on  
the north side of Nevins will pay  
\$156.66.

In addition will come the main-  
tenance and this will be taken  
care of by the electric light com-  
pany, including wiring, current,  
globes in fact everything except  
replacing a standard that happens  
to get broken.

The maintenance cost per year  
will be 66 cents on each \$100.00 of  
assessed valuation of a lot. Im-

provements are not taken into  
consideration in taking the as-  
sessed valuations.

For instance if a lot is assessed  
for \$1000 the maintenance cost  
will be \$3.30; if \$8.50 it will be  
\$5.28, of \$900 it will be \$5.84, if  
\$1500 it will be \$19.28, if \$2000  
it will be \$33.

The maintenance cost will be  
added to the tax bills of each lot  
owner and collected in the same  
manner as taxes.

Councilman Martin stated that  
he thought the property owners  
should have what they petitioned  
for, and made a motion that the  
city engineer prepare plans and  
specifications for the work.

This motion was adopted by the  
votes of Hinckley, Fenner, Martin  
and Black.

Paulson, Collins and Chandler,  
voted "No," saying that they be-  
lieved the matter should go over  
for another week, so that every  
person could get acquainted with  
the proposition and know just  
what they were going into.

It is very likely that the speci-  
fications when prepared will pro-  
vide for electrolier standards made  
by a local concern, as it will give  
employment to local people and  
keep the money at home.

## POSTMASTER URGES EARLY MAILING

There will be no mail deliv-  
eries on Christmas Day so Rich-  
mond persons desiring to have  
their packages arrive in time are  
urged to mail them early, accord-  
ing to Postmaster J. N. Long.

"Every effort will be made to  
handle the Christmas mails with-  
out congestion and delay," Long  
said, "but owing to the enormous  
volume this can be done only  
with the cooperation of the pub-  
lic."

The following suggestions were  
made by Long for those mailing  
packages:

All packages must be securely  
wrapped or packed. Use strong  
paper and heavy twine.

Strong Boxes  
Candies must be inclosed in  
strong outside boxes or contain-  
ers.

Wrap cut flowers with tissue  
to insure moisture and place in  
strong suitable boxes of wood,  
tin or corrugated cardboard.

Articles easily broken must be  
carefully packed, crated or se-  
curely wrapped. Use liberal quan-  
tities of excelsior, tissue waste  
or like materials in, around and  
between the articles and outside  
the container.

Glassware, pottery, fragile toys  
or crockery must be packed so  
that in case the articles are  
broken in transit the pieces will  
not protrude, damaging other  
boxes.

Must Be Marked  
All articles easily broken must  
be marked "fragile."

Use special delivery stamps for  
articles likely to spoil within the  
time reasonably required for trans-  
portation. This will expedite de-  
livery. All such articles must be  
marked "perishable."

Postage must be fully prepaid  
on all mail. The required amount  
of postage should be affixed in  
the upper right corner. Full in-  
formation concerning postage  
rates can be obtained at the stamp  
or parcel post window.

Complete Address  
All addresses should be com-  
plete with house number and  
name of street, post office or  
rural route number. A return card  
should be placed in the upper  
left corner of every piece of mail.  
If a tag is used, the address and  
return card should also be written  
on the wrapper for use if tag is  
lost, and a copy of the address  
should be inclosed inside the parcel.

"The volume of mail during the  
holiday time increases approxi-  
mately 200 percent," Long stat-  
ed. "It is a physical impossi-  
bility to handle this great mass  
of mail matter efficiently and  
promptly within a few days.  
Therefore to assure delivery of  
Christmas presents, cards, and  
letters by Christmas Day, the  
public should shop and mail  
early. Packages and letters should  
be ready for mailing at least two  
weeks or 10 days before Christ-  
mas, depending upon the distance.

## High Club To Present Yule Play At School

The International club of Rich-  
mond Union high school will pre-  
sent the Christmas play, "Why  
the Times Rang," in the auditori-  
um of the high school tomorrow  
night. The public is invited to  
the performance which will begin  
at 8 o'clock. Miss Dorothy Cox,  
assistant to Miss Anna Shaw, is  
directing the play and the cast is  
as follows:

Holger, a peasant boy, James  
Gray, a young brother,  
Harry Carpenter, Bertel, the  
cook, Donald Seawright, an old  
woman, Hermine, Espinoly, the  
rich man, Dorothy Mikoy, a  
young girl, Victor Vaughan, an  
old man, Philip Johnson, a young  
man, Scott, the angel, Su-  
mahake, the priest, Jack Hammer,  
a young man, and others.

The scenes of the play are laid  
in a cathedral. The theme of  
the play is an old legend  
that the church ring on Christ-  
mas Eve when the perfect gift  
is given. Love and holiness com-  
to the cathedral and present their  
gifts. Even the King gives his  
crown. The church gives the  
ring. They burst forth when a  
peasant boy gives his last few  
coins.

The international club chorus  
will supply the music. Virginia  
Lee will be the accompanist.  
The singing will be directed by Helen  
Basham. Carols of different lands  
will be sung by the boys.

After the program there will be  
a Christmas tree and gifts will be  
distributed to the poor children  
of the city.

## Electric Ear Used To Test Modern Radio

One of the most severe tests  
faced by a radio receiver must be  
passed by the Stewart Warner  
before it is placed on the market,  
according to V. G. Blake of the  
V. G. Electric company, 1314  
Macdonald avenue, Stewart Warner  
dealers.

In discussing this test, Blake  
said yesterday:

"Early in their pioneer search  
for radio realism, Stewart Warner  
scientists discovered that not one  
ear in a hundred thousand, in-  
cluding their own, was absolutely  
perfect. They therefore decided to  
abandon such an inaccurate in-  
strument as a test for realism and  
determined to devise a scientifi-  
cally perfect hearing device for  
testing and proving true radio  
realism."

"They built a machine called  
the 'electric ear,' which, like the  
talking movies' records the sound  
vibration of the original broad-  
cast program and also the same  
program as reproduced by the  
Stewart Warner set and repro-  
ducer. Then the two records are  
compared for accuracy for radio  
realism. The sound records of the  
Stewart Warner radio must agree  
with the original in every detail  
before the set is shipped."

"This is radio's stiffest test and  
the one proof of realism in ra-  
dio—true tone test."

## Carved Cabinet Introduced As Divorce Evidence

KNOXVILLE, Tenn., Dec. 3.

Two small mahogany sew-  
ing cabinet doors with the words  
"Dear Dearest Billy" and "I care  
ed upon them were introduced as  
evidence in a divorce hearing here  
by Clyde Dinwiddie, Lonsdale,  
Tenn.

According to Dinwiddie, the  
words were copied from a love  
letter written by Mrs. Dinwiddie to  
an unidentified man by the name  
of Billy. He said he had copied the  
words to keep the letter perman-  
ent.

But Mrs. Dinwiddie filed the  
doors as an exhibit in her favor.  
She declared they were only an  
example of her husband's temper  
and an effort to deface her furni-  
ture.

## Junior Pupils Hear Address On Holland

Interesting customs of the  
Dutch and tales of Holland were  
told before the student body of  
the Longfellow Junior high school  
yesterday afternoon by Frederick  
Robbins, of Berkeley.

Robbins is a well known painter  
who spent several years in Hol-  
land. He had visited the country  
for a tour and become financially  
embarrassed, he told the students.  
He worked in Holland for several  
years, learning the Dutch language.

He appeared in Dutch costume  
yesterday and gave an interesting  
account of his adventures in the  
land reclaimed from the sea.

## RESURVEY OF HARBOR ASKED

Included in the annual bill of maintenance and improvements of rivers and harbors submitted to Congress yesterday was a resurvey for the Richmond harbor which includes provisions for a channel 30 feet deep and from 300 to 400 feet in width with suitable turning basins. The bill was submitted with the recommendations of Maj. Gen. Edgar Jadwin, chief of engineers at Washington.

According to press dispatches from Washington, Major General Jadwin's recommendations include an unexpended balance of \$127,070 for improvements in the Richmond harbor left from the fiscal year ending June 30, 1928 and \$2000 for maintenance.

The small amount for maintenance was explained by Capt. H. F. Pond, assistant to the river and harbors engineer in San Francisco to be due to the fact that there is a large unexpended balance from last year which will be available for use as considered necessary. The balance may also be used to carry out the larger harbor project contemplated in the new bill.

The present government project calls for maintaining a harbor to a depth of 24 feet while the inner harbor channel at the Ford site has been dredged to 30 feet by the city.

With the adoption of the new project contained in the bill the deepened channel will be extended and maintained by the government.

Normally a year is allowed to elapse after adoption of a new project before actual work is done. However, it is estimated that the Richmond project might be hastened if shipping demands.

A total of \$50,781,880 for various government projects during the fiscal year ending June 30, 1930, is contained in the recommendations of General Jadwin. Of this amount, \$20,033,000 would be expended for work on the Mississippi river system exclusive of the sum to be provided for flood control. Seacoast harbors and channels are to receive \$20,418,200; lake harbors and channels, \$4,897,500 and other internal waterways \$3,491,500.

## COUNCIL HOLDS SESSION IN EL CERRITO

Charles Schwake was granted a permit by the El Cerrito City council to hold a dance in Schwake hall on Dec. 15.

Chief of Police R. R. Cheek reported that he had not been able to get in touch with the officer in Berkeley holding the patent on the traffic arms to be placed across San Pablo avenue for the protection of the school children. Cheek said he understood the cost of the arms was \$90 a pair, and would have a definite report for the next meeting.

On the recommendation of councilman Peter Larsen the culverts across Cerrito Creek were accepted by the council.

Final action on the planning commission ordinance was laid over for one week to see if some city planning expert could be obtained to speak on the subject before the council. (City Attorney J. H. Peters reported that the cost of planning the city and passing an ordinance would be approximately \$5000.

The council decided to take up about \$8000 worth of warrants issued when the city treasury was depleted some months ago. The warrants now held by a Richmond bank are to be taken up at the next meeting.

PASADENA ROSE  
FLOATS MUST  
BE NATURAL

PASADENA, Dec. 3.—Every float in the 1929 Tournament of Roses parade must pass the inspection of a censor before it falls into line, and any float bearing artificial flowers or foliage will be barred from participation in the big New Year's day pageant, it was announced here today by directors of the tournament association.

The directors made it clear that every bud and blossom in the parade, as well as every bit of foliage must be nature's own creation. Dipped flowers will be regarded as artificial.

**Bicycles Banned.**  
A ban on bicycles also was announced by the association. Pasadena first annual Tournament of Roses parade in 1899 was made up largely of decorated bicycles and horse-drawn vehicles. After forty years, the horse-drawn equipages are permitted but scarce while bicycles are out.

Other rules laid down by the directors provide that all lettering on floats must be worked out in flowers and that advertising of any sort is forbidden.

Entries in the parade will be divided into nineteen classes, and three prizes will be awarded in each class. Sixty silver trophies will be awarded, three in each of the nineteen classes, plus a sweepstake cup, a trophy to the entry best depicting the tournament theme and a cup to the best Pasadena entry.

**Cities To Compete.**  
Eleven of the nineteen classes will be made up of floats. Classes A1, A2, and A3 will present entries of cities and civic organizations. A1 being entries from cities of more than 40,000 population; A2 entries from cities between 20,000 and 40,000 and A3 from communities of less than 20,000.

Entries to be permitted in either of these three classes.

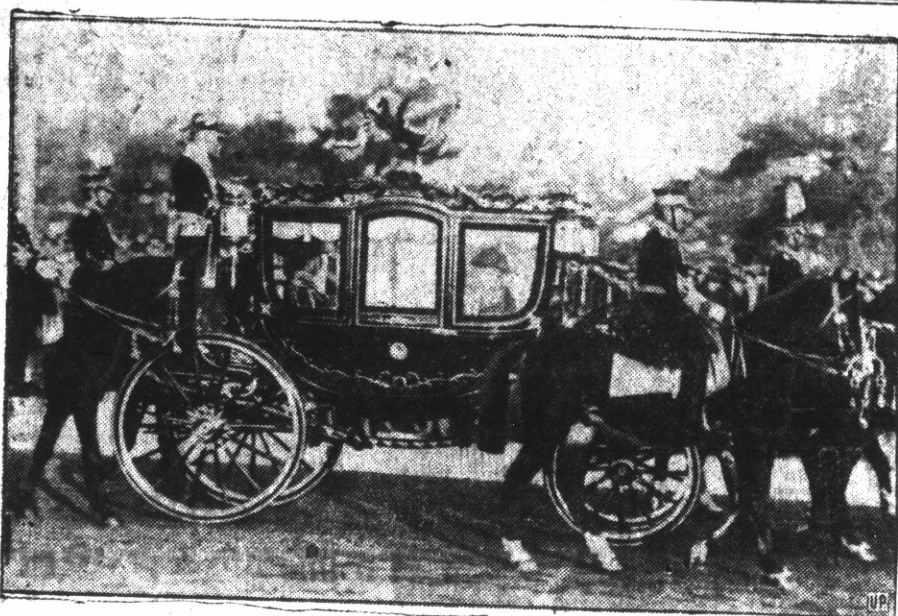

Class B will offer entries of service clubs; Class C hotel entries; Class D automobiles; Class E floats representing fraternal organizations; Class F commercial entries; Class G business groups; Class H Pasadena entries; Class I educational and religious units; and Class J floats representing Boy Scout troops.

In Class K will be historical characters, in Class L horse or pony drawn vehicles, in Class M saddle horses with men riders, in Class N steeplechase and in Class O novelties.

A ticket to the East-West football game in the Rose Bowl will be presented to each person riding on a float in the parade, but no float may claim more than six tickets.

"Poems in Flowers" is the theme chosen for the 1929 tournament. As in the past the parade will get under way at 10:20 on New Year's morning, and will cover the same route as in the past years.

Q. M. C. Employees  
More Civilians  
Than Soldiers

WASHINGTON, Dec. 3.—(U.P.)—More civilians than soldiers are employed by the Quartermaster Corps of the army, according to the annual report, made public today by Major General B. F. Cheatham, Quartermaster General, to Secretary of War Davis.

Officers and enlisted men in the Corps number 8198 compared with 9800 civilian employees who perform clerical duties and work in the two great Corps manufacturing depots at Philadelphia and at Jeffersonville, Ind.

Cheatham reported that \$30,340,722.58 had been expended during the fiscal year ended June 30, 1928 and that a balance of \$4,212,207.11 could be transferred to the fiscal year 1929.

Reckless Driving  
Warrant Issued

Appearing before Police Judge J. F. Plank yesterday, S. H. Capel, Jr., El Cerrito airplane inventor, swore to a warrant for the arrest of W. E. DOG RACING IN  
CHINA BLAMED  
FOR CRIME

SHANGHAI, Dec. 3.—(U.P.)—"Greyhound racing in the international settlement is corrupting the morals of the Chinese people, causing an increase in crime and leading to many suicides," Wang King, Nationalist commissioner of Foreign Affairs.

The Shanghai Municipal council, does not have the power to control greyhound racing within the settlement; the responsibility rests with the British consular authorities, said Stirling Fossenden, chairman of the Shanghai Municipal council.

The foregoing statements were made to the United Press as the result of the battle over the fate of greyhound racing within the settlement.

In an interview with the official spokesman for the council the United Press was informed that the public in general has but a very vague idea of the position of the council in the matter.

The spokesman pointed out that Shanghai has two dog racing courses, one called Luna park and one called the stadium, had to obtain licenses as places of entertainment. These licenses were obtained from the council and each required the signature of the consul of the nationality concerned.

He declared that to operate in Shanghai the two courses had to obtain licenses as places of entertainment from the council. The licenses required the counter-signature of the consul of the nationality concerned. This was necessary in order to see that the national law was not violated, and also to see that the interpretation of gambling under the law was not breached.

"From now on cash sweeps at the courses will be maintained for members only and not for the public," the spokesman said.

"Therefore the legality of the parimutuel is the only outstanding question and this must be decided by the consul of the nationality of the applicant. As the only two courses are English, the matter is receiving the fullest consideration of the British authorities. In the meantime, the licenses for the two courses are being held in abeyance pending the settlement of this question."

The session called by Fred E. Reed of Oakland, head of the Regional Plan association, will be a joint gathering of real estate boards, chambers of commerce, and other groups from all parts of Alameda and Contra Costa county.

At present, according to Reed, nine machines go to Los Angeles to one that comes to the bay region from the highway at Salt Lake. He attributed this preponderance of travel southwards to the fact that the Victory highway between Salt Lake and the California line is in such shape as to discourage motor tourists.

The Route 49 club, interested in completing the highway link, will have charge of the Wednesday night meeting, according to information reaching Richmond yesterday. One of the speakers will be Lewis F. Byington of San Francisco, who will tell what a tourist is worth to the bay cities in actual dollars and cents.

Aahmes Temple  
Ceremonial At  
Modesto Dec. 8

Officers and members of various committees of Aahmes Shrine temple will leave Oakland Saturday afternoon for Modesto, where they will stage a short-form ceremonial. The Modesto outing is being sponsored by the Stanislaus County Shrine club in cooperation with the Aahmes out-of-town committee headed by Noble Herman Eubichard, chairman.

Following the ceremonial in Modesto the Shriners will be entertained at a dinner by the Modesto nobility. Among those who will make the journey are Ezra W. Decoto, illustrious potentate of Aahmes temple; Clara D. Horner of Richmond; Robert S. Abernethy, recorder; Col. Luther Michael, ambassador of Aahmes temple for Alameda county and several other Shrine dignitaries.

Landscape Artist  
To Aid Gardeners

J. Dow of Mansfield Ohio has just arrived in San Pablo. Dow is a landscape architect and comes with many good recommendations. Dow will be at the Bay Nursery in San Pablo all day Sunday to answer any questions in regard to beautifying the home grounds. He will also supervise any work for local residents.

CHAMBER WILL  
ATTEND PLAN  
MEETING

Richmond will be represented at the meeting of the Regional Plan association at Hotel Oakland tomorrow night, according to announcement by the chamber of commerce. The local delegation will take part in a discussion of plans to increase tourist travel to the bay region by perfecting the Victory Highway link between Salt Lake City and the California line.

The Richmond delegation will include E. B. Bull of the local chamber of commerce, directors, Mrs. H. B. Kingsbury, secretary of the chamber, and others.

\$15,000 Asked In  
Auto Accident

MARTINEZ, Dec. 3.—Mary Brandon today filed suit for \$15,000 damages against Nova and Fred Beck of Richmond for injuries she alleges she received in an automobile accident in Berkeley June 4 last. Mrs. Brandon was a passenger in an automobile driven by Beck when it figured in an accident she alleges. The suit was filed through Tarr N. Caffee, Richmond attorney.

## BOY SCOUTS

The work that the Scouts of Eagle rank have done in trail building in the national parks for several seasons was praised in a statement made public by the Department of the Interior. "Eagle Scout Trails" now exist in Glacier, Yellowstone and Mount Rainier National parks, it was stated. The statement follows in full text:

The work accomplished last year in Glacier park is typical. A band of 40 Eagle Scouts from widely separated geographical localities including Pennsylvania, New York and Massachusetts as well as most of the northwestern and several middle western States reported in the park in August and spent two weeks in construction of a pony trail for heavy horse travel. In all a total of 2,000 feet of trail was built.

The work was done under the supervision of a government trail warden, and all necessary blasting was handled by a power man furnished by the National Park Service. The boys were not allowed to assist in the blasting. The resultant trail is excellent, being three feet wider and on an easy grade throughout. The Scouts constructed about 300 feet more trail than the park engineers expected would be accomplished in the allotted time.

This trail was a continuation of the one started last year at Red Eagle Landing on St. Mary Lake. The cost to the government for work was subsistence of the boys and the furnishing of transportation, tools and tentage. The Scouts donated their services.

After finishing their work in Glacier Park the Scouts visited the neighboring Blackfoot reservation where two members of the party, one of the leaders and a scout elected by the boys themselves were adopted into the Blackfoot tribe.

The idea of having Eagle Scouts do trail work in national parks originated with Dr. Edgar G. MacLay, of Great Falls, one of the Montana scout executives, four or five years ago.

## IT'S THE BUNK

"What is hokum?" a foreign visitor wants to know. Well, hokum is hokey, and hokey is tripe, and tripe is applesauce, and applesauce is blah and blah is baloney and the inquirer may draw his own conclusions!—Anderson, Ind., Herald.

Dr. Samuel Lambert, president of the New York Academy of Medicine, has urged more whiskey for the aged. Another widespread current demand is for more age for the whiskey.

Dear Judge,  
Please give me a suggestion for pajamas. I want to make a set as a Christmas gift to a prospective bride. I prefer not to use lace but want something rather decorative. What material and color do you suggest?

Pajamas are often sleeveless and may be as frivolous as one desires. The set sketched has interesting trousers, a bit nautical in their sweeping flare. Crepe de Chine, or any of the crepe family is a safe fabric choice but there are hosts of others ranging from georgette and chiffon to velvet. If the

## BEAUTY

An acquaintance was talking to me the other day at a luncheon and most of her conversation was directed at sneering at my "beauty bluffs."

"Do people really read such nonsense?" she laughed. "Imagine wasting so much time fussing with your face and hair as you advise—why I never bother about such things!"

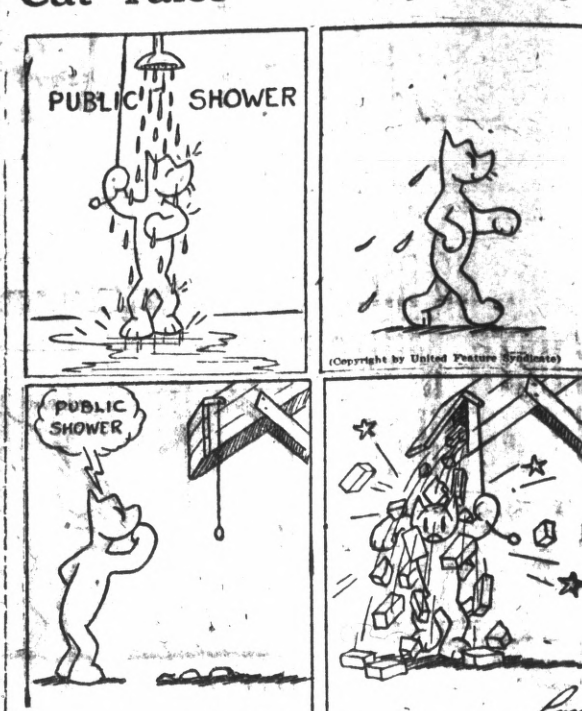

It was all I could do to be polite and refrain from telling her that she looked it. And she did. Her skin was sallow and dry-looking (although she's in her early twenties) and her powder and lipstick were dabbed on with anything but an artistic touch. The entire on her nails was ragged and it was easy to guess that her method of manicuring was to chop off ten long nails with a fingernail seissors.

Why should a girl like this think it a waste of time to make herself attractive? With her love-herself attractive? With her love-could be almost beautiful with the proper attention to skin, nails, etc. Regular cleansing, bleaching and nourishing would have made her complexion clear and smooth and daily attention to her nails would keep them well-groomed. She would spend two hours choosing a becoming hat but not five minutes.

## TIME EXTENDED FOR HARBOR CONTEST

The Parr-Richmond Terminal corporation's prize contest for the high school boys and girls of Richmond for the best 500-word article on "The Value of Harbor and Industrial Development to the City of Richmond" has been extended to next Monday, Dec. 10, to provide for the late entrants in the contest.

To date the girls are beating the boys as far as interest in Richmond's future as a great harbor and industrial city. Five girls to one boy is about the average of competitors in the contest.

**PRIZES OFFERED**  
Fred D. Parr of the Parr-Richmond Terminal corporation is offering \$75 in cash prizes, the first one \$35 and the fifth \$5, for the best article.

That the students who have written articles have caught the vision of a greater and more prosperous Richmond built around harbor and industrial development is indicated by the articles already received.

Writes Marie Silvery of San Pablo, a senior high school student: "Harbor and industrial development will be the making of Richmond. No city can grow and prosper where harbor and industrial facilities are inadequate. It will bring capital and prosperity to our doors and population will treble. Real estate values will increase and the gates of opportunity will open to newcomers. There will be more manufacturing plants with transportation facilities—a progressive step to better and greater things."

"Enthusiasm is a great thing. Let Richmond have it."

**DIRECT ROUTE**  
Then there is William Tucker, high senior, who opens his article by recalling that "had it not been for the accident of Portola discovering San Francisco bay by way of the peninsula, the north of San Francisco bay would have been located in the Richmond Portrero which has direct communication with the Golden Gate by way of deep water and is also the natural geographic outlet for the products of the great valleys of California."

He then declares: "Transportation is far cheaper by water than by rail. This is especially true in the State of California, because of the large number of big cities which are near the ocean and because California is the logical point of departure for Oriental trade."

development is assured."

Vivian E. Vaughan, high junior, says in her article: "There are innumerable reasons favoring the development of the harbor. If it were not for these plans of improvement, it is probable Henry Ford would not have come to Richmond. Because of the harbor, however, he has come. The same fact insures the coming of many more factories, leading to the ultimate growth and power of Richmond. The coming of factories means more men and homes and will create a new and larger payroll, and the steady employment of both skilled and unskilled workers."

Other competitors for the \$75 in cash prizes write along similar lines.

The judges of the contest include Mayor Mattie A. Chandler; W. T. Helms, superintendent of schools; P. M. Sanford, president of the Chamber of Commerce; Aubrey Wilson, president high school board; E. B. Bull, president of the Real Estate board; C. S. Renwick, representing the Rotary club; Ralph N. Bergen, representing the Kiwanis club; G. E. Milnes, representing the Lions club and Fred D. Parr.

**MRS. AVINELIS ILL.**  
Mrs. Ruby Meldron Avinelis is ill in her home in San Pablo with an attack of influenza. Mrs. Avinelis is associated with the Rex Beauty parlor.

## H. A. JOHNSTON TAKES UTILITY POSITION

Two re-elected directors and one new director of the East Bay Municipal Utility district were installed at a special meeting of the board of directors in the Ray building in Oakland Saturday.

The old directors who have been re-elected and who took office for their third term last night are Grant D. Miller and Al Latham.

The newly elected director was Henry A. Johnston, of Richmond, who defeated James H. Boyer at the election of Nov. 6, and whose induction into office has been delayed until last night pending official canvass of the vote.

Miller and Latham were elected directors of the district when it was formed on May 8, 1923. A year later they ran again and were chosen for four year terms. At the election of Nov. 6, they were chosen for the third time, again receiving four year terms.

Miller represents a large section of East Oakland. Latham's ward takes in all of Alameda and East Oakland beyond Peralta avenue. Johnston's ward includes Richmond, West Berkeley and West Oakland. Johnston has been active in public and private affairs not only in Richmond but throughout Contra Costa county. He has not heretofore held political office in Oakland.

All three men were sworn in by John H. Kimball, secretary of the board.

## Fresno County Officials Face Cut In Salaries

**FRESNO, Dec. 3 (UP)**—Reduction in the salaries of every elective official of Fresno county by approximately 25 percent and abolition of the office of coroner displacing that official by licensed undertakers is provided in a bill to be introduced at the coming session of the legislature by Assemblyman L. S. Heisinger he announced.

Heisinger said his bill was framed in harmony with his proposed constitutional amendment granting complete home rule to counties of the state in the interest of economy.

"Practically everybody now recognizes that high salaries and attendant extravagances were the forces which nearly wrecked the organized false business, he said."

## Four Births Recorded Here

Four birth certificates were filed with the health department yesterday. They were:

## SAN PABLO IN PROTEST OF CUT OFF

**MARTINEZ, Dec. 3**—Petitions protesting the construction of a cut-off highway between Tank farm hill and Kearney street, which is an extension of Teni street, Richmond, were filed today by residents of San Pablo. About 400 residents signed the petition.

Verbal protests were also made to the board of supervisors by Ernest Woodfelt, secretary of the San Pablo chamber of commerce and by Mrs. Clara Williams, J. M. Luiz and William Luiz of San Pablo.

Protestants declared that construction of the highway would cause unnecessary tax burden; that the highway is not needed at this time; that it will destroy the tract it intersects for industrial purposes and will hamper developments.

The supervisors will consider the protest when detailed plans for the highway are presented. Resolutions of intentions to construct the highway have already been adopted.

## Renovating Of Natatorium To Be Started Soon

Work on renovating the Richmond Municipal natatorium will be started within a few days, according to City Manager James A. McVittie. The pool was closed Sunday night and will remain closed until about February.

The pool equipment will be thoroughly cleaned and overhauled. Repainting will be done where necessary.

The pool had a successful season and several record crowds used the pool during the summer and autumn months.
